ODDFELLOWS AND REBEKAHS ENJOY DISTRICT MEETING

More Than 300 Gather In Testimony to Retiring District Officers

More than three hundred representatives of Odd Fellow and Rebekah lodges from the entire Bay district and valley cities were gathered together in the Niles Odd Fellows' Hall on Friday evening to participate and enjoy one of the most interesting affairs held in lodge circles for some time.

The occasion was the joint district meeting called by Fern Mitte, district deputy president of the Rebekahs, and A. E. Metzger, district deputy grand president of the Odd Fellows, and marked the closing of their respective terms. Many officers of the grand lodge and Rebekah assembly, both present and past, were in attendance at the meeting, being introduced to the assembly, and responding with fitting words.

The district deputy grand master acted as chairman for the evening, and in his address of welcome, called particular attention to increased interest in lodge affairs that had been brought about by District meetings and visitations between lodges.

The program was presented by the Children's band from the Rebekah Children's Home at Gilroy, and many solo and vocal numbers were presented, with selections by the entire band. The work of the home, and the care and opportunities given to those children, who have lost one or both parents, was related by Tillie Priestley, a member of the board of trustees of the home. Life at the Old Folks' Home, at Saratoga, was told by E. A. Moelling, of San Jose, one of the trustees of this home. As a result of these informative and interesting talks, all present were given a new insight into the work carried on by the order in providing for the children and old folks.

After the meeting, all adjourned to the banquet room, where a delicious luncheon was served.

Dancing was enjoyed until a late hour, and according to a general consensus of opinion, everyone departed for their homes with a feeling of having spent a delightful evening, as well as having learned more of the meaning of fraternity as exemplified by the Odd Fellows and Rebekahs.

Damage Estimated at Over \$200,000 After Fire Rages 12 Hours

Damage estimated at close to \$200,000 was caused when the Salz warehouse, at Irvington, was razed by fire early Tuesday morning, caused by spontaneous combustion, being first noticed at 4:45 a. m., and raging until 12:30 o'clock in the afternoon before being completely extinguished.

Copper wire, valued at \$100,000 by the Pacific Gas & Electric Company, had recently been stored in the warehouse, and was completely destroyed, with the exception of two spools. Clarence Salz, owner of the building, estimated he suffered approximately a \$100,000 loss with the destruction of the building and the mill feeds that were stored in it.

Mrs. Clarence Salz was first informed of the blaze, and she notified Frank Madruga, of the Centerville fire department, who reached the scene of the fire at 5 o'clock. Shortly after their arrival, departments from Niles and Mission San Jose were on the scene, all three engines remaining until the fire had been completely extinguished.

It is thought that spontaneous combustion, originating in some beet pulp stored in the building, was the cause of the blaze.

The fire fighters were severely handicapped at the start by lack of water, trouble with the water supply of the Irvington Water Company necessitating a pipe being laid to the Driscoll ranch. The pipe was laid by a crew from the Pacific Gas & Electric Company, who also aided in combating the flames.

Although the building collapsed, and was entirely razed, the firemen were extremely grateful that no heavy winds were blowing, and they were able to save all the adjoining buildings.

BURGLARS ACTIVE IN NILES DURING PAST WEEK

Burglars were active in Niles last week, the residence of G. McDonald, at the California Nursery, and the soda fountain store owned by A. Pratieli, on First street, both being entered.

At the McDonald residence, a suit of clothes, and some small sundry articles were taken, while Pratieli stated that a small quantity of merchandise had been removed, such as razor blades, cigarettes, etc.

Several chickens in various parts of the town have been reported stolen during the past few days. No trace of the thieves have been found.

CONFERENCE IS ARRANGED FOR DISCUSSION OF ROAD PROJECT

LATEST REPORTS on progress made on the proposed extension of Main Street through the California Nursery company grounds to connect with the Alvarado Road, are to the effect that a conference has been arranged for Friday noon, May 8, between members of the executive committee of the Niles Chamber of Commerce, and county engineer George Posey, when it is hoped that all questions will be satisfactorily cleared up, and the way paved for immediate action on the much-needed extension.

It is understood that the deeds pertaining to the extra ten feet of necessary land are in the hands of a member of the committee, and that immediate steps will be taken shortly to obtain the signatures of the property holders affected.

The Township Register stands firm in its belief that this extension is of vital necessity to Niles, and will continue at all times to push, shove, tow, drag, or do whatever is considered necessary to bring the long-drawn out delay to a successful conclusion. It is the sincere hope of the Township Register that the conference to be held tomorrow will be successful in picking up the many loose threads in this project, knitting them all together into one harmonious combination, and then striding forward to a speedy and successful finish.

Chamber of Commerce Talk on Danger of Narrow Highway

Much discussion pertaining to the traffic dangers which accrue from the bottle-neck on the highway in front of the post office took place at the regular weekly luncheon meeting of the Niles Chamber of Commerce on Tuesday noon. The subject was opened for discussion by President F. V. Jones, who maintained that something should be done to prevent the high rate of speed with which motorists passed this point.

It was finally decided that letters be sent to the State Highway Patrol, asking that traffic officers pay particular attention to speeders at this danger spot, and to the State Highway Commission, asking that a survey be made with a view to widening the street at some future date.

E. Harmon suggested that a remedy could be found by enforcing parallel parking, instead of

the diagonal parking that is done at the present time, but several of the members maintained this could not be done, in view of the fact that Niles was not an incorporated city.

After much discussion, it was decided that \$25 be forwarded to the Del Valle Farm, and to the children's department of the Welfare Board of Alameda County, as donations from the Niles Chamber of Commerce.

A note of humor was injected into the meeting, when Secretary Petsche read a communication from Modesto addressed to the "Mayor and City Council of Niles." The letter pertained to the purchase of water by the city of San Francisco from the Hetch-Hetchy plants.

R. B. Edgcombe, former manager of the gravel pit in Niles, and Mr. Hoffman, of the Schuckle Cannery, were interested visitors at the meeting.

MISSION SAN JOSE COUPLE UNITED IN MARRIAGE SUNDAY

Minnie Baptiste and Herbert Rogers Principals In Simple Ceremony

St. Joseph's Church in Mission San Jose was the setting Sunday for the wedding of Miss Minnie Baptiste and Mr. Herbert Rogers, the ceremony being performed by Father Cruz of the St. John's Baptist church, of Milpitas, and attended by relatives and close friends.

A gown of white lace with molded hip line and a long full skirt was worn by the bride, and with it she wore a matching lace jacket with long sleeves. The veil of lace and tulle was caught by a wreath of orange blossoms. She carried a bouquet of white carnations and maiden hair.

Miss Edith Rogers, sister of the groom, served as matron of honor, and attended in a gown of peach satin with a matching headpiece of peach net. Her bouquet was composed of pale pink carnations and ferns. Edward Rogers served as best man for the groom.

The bride, who attended Washington Union High school for almost a year, is the second daughter of Mr. and Mrs. Manuel Baptiste of Warm Springs. Herbert Rogers is a son of Mr. and Mrs. Manuel Rogers of this city. The Newlyweds will reside in Mission San Jose upon their return from the honeymoon trip.

Yoshimi Kawaguchi, a pupil in the seventh grade of the Niles grammar school, has been awarded first prize in the Humane Essay contest, a county-wide competition, sponsored by the Latham Foundation, and received a check for \$5 last week for her efforts.

IMPRESSIVE RITES MARK DEDICATION OF NEW BUILDING

New \$200,000 Mother House at Mission San Jose Is Dedicated.

Dedication of the new \$200,000 mother house of the Dominican Sisters at Mission San Jose was held Sunday in the presence of 4,000 persons, with John A. Werner, head of the State German Catholic Societies officiating as master of ceremonies. On behalf of Mayor Angelo Rossi, of San Francisco, A. J. Cleary, executive secretary for the mayor extended the good wishes of the bay city, and a letter was read expressing the regrets of Governor James Rolph, Jr., who was unable to be present.

Benediction of the Blessed Sacrament was celebrated at an open air altar by Rt. Reverend Msgr. Francis P. McElroy, superior of St. Vincent's, assisted by Father Augustine Hobrecht, O. F. M., and Father J. Walsh, of the Dominicans.

A choir from St. Mary's of the Palms, girls' school, at which the nuns are instructors, sang selections, and A. Lorenzo presented two tenor solos, accompanied by Miss C. Bohm. Arnold Constable, San Francisco architect, who designed the building, and S. Rasori, the builder, were introduced.

The new building is to be used as a place for training sisters for missionary service throughout North America and the islands of the Pacific, and it includes an infirmary, which will be a home for aged sisters.

John Francis Neylan, San Francisco attorney, and Archbishop Hanna, both spoke in praise of the new edifice.

AWARDED HONORS

EDWARD BIMEMILLER student at Washington Union High School, who was awarded first place honors in the class "C" section at the Shakespearean contest recently held at the University of California.

NEW HIGH SCHOOL PRINCIPAL BEGINS DUTIES ON JULY 1

High School Trustees Make Selection at Meet On Saturday.

Trustees of Washington Union High school have definitely selected Albert J. Rathbone, present principal of Galt High school, and former principal of Fall River High school, in Shasta county, as the new head of Washington High, his duties to commence on July 1. The selection was definitely decided at a meeting of the trustees held Saturday.

The newly chosen principal is a graduate of the University of California, class of 1912, and obtained additional honors by taking post graduate work. He was a Big C man at the university, obtaining his letter in football. He is reported to be very interested in boys' work, and is a former scoutmaster.

While principal at Galt High school, where he has been for the past two years, he straightened out a very bad financial condition at the school, incurred when the school ventured a new departure in the form of an aviation school. He also inaugurated a school cafeteria, which is now operating on a very successful basis.

Mr. Rathbone is married, and has two children, a boy, Albert J., who is ready to enter high school, and a daughter, Catherine, who is in the seventh grade.

RE-ELECT OFFICERS FOR COUNTRY CLUB

Mrs. Raymond Pond was unanimously re-elected president of the Country Club of Washington Township at their regular meeting held Tuesday afternoon, when Mrs. James R. Whipple, Mrs. Eberly and Mrs. Webb acted as hostesses.

The following officers were also unanimously re-elected; vice-president, Mrs. Edward Ellsworth; secretary, Mrs. Howard Chadbourne; treasurer, Mrs. George Mathelson, financial secretary, Mrs. Clyde Anderson; board member, Mrs. Walter Wyatt.

Several delightful piano solos were rendered during the program by Henri Salz.

Mother's Illness Takes Dr. Grau to Nebraska

Dr. E. C. Grau, of Niles, left for his old home in Omaha, Nebraska, early Tuesday morning, after receiving word of the serious illness of his mother, Mrs. Fred J. Grau. He will return to Niles on May 11 or 12.

CORNHUSKERS WIN COUNTY BALL TITLE BY VICTORY OVER ALAMEDA ON FRIDAY

WATER RELEASE NOW FLOWING IN ALAMEDA CREEK

As a result of a letter sent last week by directors of the Alameda County Water District, the San Francisco water department has now commenced release of the sixteen per cent of water in Calaveras reservoir which is due to this district, and the water is now flowing down Alameda Creek, bringing much relief to farmers in Washington Township.

Release of the water, which is estimated to amount to 347,000,000 gallons, commenced last Thursday. The city water department of San Francisco had previously made an offer of \$18,000 in lieu of this water, but the directors of the Alameda County Water District refused the offer, and insisted upon the release.

Mrs. William Moore spent last week in Oakland.

Close Win Is Fought Out Over Alameda High By 6 to 5 Score

By squeezing out a six-to-five win over Alameda High on Friday afternoon in a county play-off game, the Washington Union High horseholders won the Alameda county baseball championship, and will now represent this section in games to decide the winners in the northern section of the C. I. F.

The game was featured by the heavy extra base hits of the Washington boys, and the excellent pitching of Kitashima, who allowed Alameda nine bingles, but kept them well scattered. Fontes, third baseman for Washington, hit for the circuit with one on in the first inning, giving the local nine an early lead. Faria, Fontes and Lebon each bagged two hits.

Washington High will now play the winners of a game between Peninsular and Monterey

EDITORIAL COMMENT

By NORMAN H. PARKS, Publisher Register

TIME FOR FEDERAL ACTION

THE DECENT citizens of Nevada are passing through a period of travail. That there are many fine, high-minded people in that state can not be contradicted. Just now the rowdy element is completely in the saddle—from precinct control to the state capital, even the judiciary, subservient to the gambling touts, bawdy house keepers, bootleggers, and home-wrecking attorneys, fattening on the misery of little children, the real sufferers of divorce.

These contemptible elements, banded together, have seized the state machinery, and every governmental activity is prostituted in corruption, drunkenness, thievery, cruelty.

Married life is never one long, unbroken union of bliss. The most amiable of people quarrel, but like sensible people should forget it and make up, and go on as before. With divorce a matter of difficulty, and not obtained without just and sufficient cause, people hesitate long before taking the fatal, the unwise step.

If one could walk across the street, sign a paper and get a legal separation from wife or husband, how often one might do that thing in a fit of temper or pique. Now Nevada steps up and offers this very thing. It capitalizes on the misery that is sure to follow the nullification of marriage. Centuries have inbred into all a deep respect for marriage. One may enter that stage lightly, and think as lightly to throw it off—but it is not so. Once married, two people become as one. It is a fact, not fiction. One is never the same after marriage. A separation leaves a void that no other can fill. It may seem absurd that this is the case—but the case it is.

It is not the part of decent people to encourage a custom that tampers with this sacred thing. It is the part of good government and decent people to discourage divorce. Nevada has outlawed itself among the states of the Union by becoming a wholesale home-wrecker.

The State of Nevada has created a cancerous spot that the Federal government must deal with decisively, swiftly. The state must be taught a lesson in decency. It must be taught that as a part of this nation it cannot be tolerated as a stinking hole of iniquity, a haven for gamblers, law-breakers, low-brows.

ALVARADO HOLY GHOST FESTIVAL ATTRACTS CROWD

Two-Day Celebration Has Many Enjoyable Features.

The annual two-day Holy Ghost Festival was held in Alvarado on Saturday evening and Sunday, May 2 and 3, and was attended by one of the largest crowds in the history of the celebration.

On Saturday evening, the queen, Miss Madeline Dutra, with her two attendants, Miss Adeline Perry and Miss Darnier lead the procession down Smith street and over to the Parish hall. After the procession, an elaborate display of fireworks occupied the attention of those present. Dancing and concessions also added to the pleasures of the crowd.

The committee of men in charge of the affair organized an elaborate and beautiful parade on Sunday morning, which began at the home of Miss Dutra. Expert drill teams, bands, and former queens of some of the local towns, took part in the pageant. One of the main juvenile attractions was a small queen, Thelma Silva, and her two attendants, Irma Borges and Tvelyn Correia.

A free barbecue on Sunday afternoon was another great attraction, and an auction of donated cattle, poultry and food stuffs was also held.

FORD BRAKES ARE UNUSUALLY EFFECTIVE

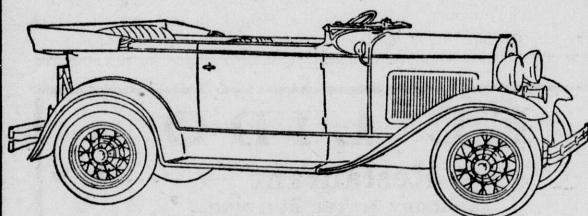

*Reliability and safety
due to simple design and
careful construction*

ONE OF the first things you will notice when you drive the Ford is the quick, effective action of its four-wheel brakes.

They are unusually safe and reliable because they are mechanical, internal expanding, with all braking surfaces fully enclosed. This prevents mud, water, sand, etc., from getting between the band and drum and interfering with brake action.

Other outstanding features of the Ford are the Triplex shatter-proof glass windshield, four Houdaille double-acting hydraulic shock absorbers, aluminum pistons, torque-tube drive, more than twenty ball and roller bearings, Rustless Steel, reliability, economy, and long life.

You save when you buy the Ford and you save every mile you drive.

good machine, but even so it boiled, and we had to wait before reaching the top. Then we rode around the city. Some of the sights were well worth a picture.

The progress and actions on the ship had not pleased the captain. He made an investigation, and found two large steel rudder pieces had become loosened in the storm going north—they were standing out in such a position as to retard speed and steering. At Colon, divers went below, and with great difficulty the plates were cut off with an acetylene torch, the material for the work being furnished by the U. S. department at Cristobal.

On Tuesday, the 7th, nearly 2 p. m., we went through the Canal, arriving after dark, but we tried to finish a little shopping, and had a cool drive.

Of course, the terrible earthquake at Managua was of intense interest. One lady was on her way to her husband who was in the airport department. It was a great disappointment to be stopped and told to go to the quarantine camp in Balboa. She was met by competent people, and taken where we felt sure "Uncle Sam" would do what was right. A couple on their way to Italy heard of it, gave up their trip, much of their possessions, and stayed to help.

The day at Corinto was very hot. We went uptown, bought a few souvenirs. We were invited into Mr. Palazos' home, very plain outside but lovely veranda and patio. All the news seemed sorrowful. Uncle Sam's warship was in the harbor, as a hospital ship, and sailed on the 12th for the north. Several are on our ship. One man lost everything but the clothes on his back, but his family happened to be north.

Another had a room in a hotel, stepped into the bank as it occurred, his room was demolished and the house burned. Over 1000 had been buried. Conditions were so terrible that even the soldiers felt they could not stand it long, and hoped for relief. Everyone seemed to doubt that the town will ever be rebuilt.

A day's trip into Guatemala City was enjoyed by most of the passengers. It was a long late trip, and I decided to stay on

EMBRYO COMPOSER IS DISCOVERED AT WASHINGTON HIGH

Washington Union High school is nursing along an embryo musical composer, sixteen-year-old Alfred Mazza, who has already written the music and words to two compositions, which are now copyrighted and ready for release, and which will probably be heard within the next few weeks. Both numbers are waltzes, one entitled, "Only One Mother," and the other, "Give Me That Word."

Mazza has completed four more compositions, and is waiting until he can obtain more funds that are necessary for publication expenses. The youthful composer resides in the Alviso district, and is an accomplished violin and saxophone player.

ST. JAMES GUILD HOLDS ENJOYABLE MEETING APRIL 29

The St. James Guild met Wednesday at the Memorial Hall, with Mrs. M. Gregory and Mrs. A. Anderson as hostesses. One of the interesting phases of the meeting was the display of beautiful baskets brought back from Nassau and Guatemala City by Mrs. Bunting, who explained they had all been made by the natives. The next guild meeting will be at the home of Mrs. Sturdevant on Wednesday, May 13, when members are requested to bring their work, or else to come prepared to play cards.

PHILADELPHIANS ENTERTAINED WITH LOCAL SCENIC TRIP

Mrs. F. O. Bunting and Mrs. E. Chandler entertained Mr. and Mrs. F. Martin, of Philadelphia, last week. They were shown over San Francisco, and enjoyed luncheon at the Olympic Club as guests of Mr. and Mrs. Thomas Palache. After lunch the party was driven to Stanford University, over Dumbarton bridge to Centerville, and through to Oakland and Berkeley. Dinner was enjoyed in Oakland.

Capt. T. K. Oaks is taking a much-needed rest of sixty-five days, and he contemplates spending some of the time at his summer home in the Santa Cruz mountains.

HIGH SCHOOL BAND TO PARTICIPATE IN CONTEST SATURDAY

Drastic Change In Band Is Announced; Personnel Slashed

At assembly held Monday morning, John E. Kimber, music teacher at Washington Union High school, announced that the school band, which is to participate in the state band contests at Sacramento next Saturday, would be cut from the original eighty-five members to fifty or sixty. The drastic change in the personnel of the band apparently resulted from the disappointing showing made by the high school orchestra at the orchestra contest held in San Francisco last Saturday evening.

Last year the band, which placed fourth in the state contest, numbered 104 musicians, and was the largest musical organization entered in the affair. Mr. Kimber announced that he was only going to concentrate during this week on those students who appeared to be sufficiently interested in their studies as to warrant their making the trip.

The musicians are scheduled to leave here on Friday afternoon, reaching Sacramento that evening. A final rehearsal is to be held Saturday morning before the contest, which will take place that same afternoon, and the band will arrive back in Centerville on Sunday. It is thought that the party will be taken to Sutters Fort while in Sacramento. Mr. and Mrs. E. A. Ellsworth will accompany the party, together with several of the high school teachers and interested residents of the township.

VICTORY ON SATURDAY IS THIRD TITLE WON IN TWO WEEKS BY CORNHUSKERS

Unlimited Meet Is Taken By Close Margin From Hayward

Scoring in every event but the hurdles, the Washington Union High tracksters hung another victory to their belt on Saturday, when they captured the Southern Alameda County Athletic League crown, in the unlimited class, in a meet held at Hayward and attended by teams from Hayward, Emeryville, Livermore, California School for the Deaf and Washington.

The decision over Hayward, who placed second, was the slim margin of one solitary point, Washington taking 56 points, while the Farmers garnered 55. Livermore placed third with 18 digits, School for the Deaf fourth with 12, while Emeryville did not place in any event.

This meet winds up a very successful track season for the Washington cornhuskers, the squad having gone through the entire season without a defeat, bagging both the Southern Alameda class "B" and unlimited meets.

Chevrolet

has struck a popular new note in motor-car styling

Chevrolet's front-end ensemble is a fine example of the latest trend in modern design.

Many factors have contributed to the remarkably wide-spread popularity of the new Chevrolet Six. Among these are smooth performance, low price, matchless economy, exceptional riding ease and driving comfort. But no feature has been more strikingly evident in the enthusiastic public reception of the car than its smart new style.

Fisher Body craftsmen, with their background of fine-car designing, have made this new Chevrolet an exceptionally attractive automobile. Study it from any angle and you find it extremely pleasing. Look at it from the front and you are impressed by the modish ensemble of deep radiator, large headlamps and arched tie bar—all gleaming in rich chromium plate. Viewed from the side, the long hood, low-swung body

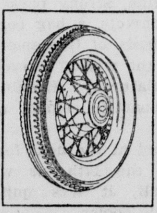

This emblem—Body by Fisher—is a symbol of superior body craftsmanship—exclusive with Chevrolet in the low-price field.

lines, sweeping fenders and massive wire wheels strikingly suggest the car's fleetness and power. And the appeal of Chevrolet's beauty is made more pronounced by the fact that all models are available in a variety of colors.

Interiors, too, are unusual in every way. The upholstery is carefully tailored. Seats are roomy, deeply cushioned and invitingly soft. And the interiors are tastefully appointed.

In fact, the new Chevrolet Six is such a thoroughly fine-looking automobile that it has become a very popular choice with every type of buyer. You find it not only the smart family car, but the smart personal car as well—a worthy companion to the expensive automobiles of the two- and three-car household.

An important factor in Chevrolet's smart appearance is the de luxe wire wheels with forty steel spokes and massive chrome-plated hub caps.

Newark Resident Breaks Arm In Freak Accident

James Steinhoff, of Newark, accidentally broke his arm while motoring with his wife and family near Whillocks ranch, near Sunol, on Sunday, the accident being occasioned when the car came near a protruding post.

Messrs John Bearden and Eldred Laudenschlager motored to San Jose Monday evening, where they attended a theater party.

Mr. and Mrs. A. Faris, and son, Stanley, were visitors at the home of Mr. and Mrs. M. Keyes, and son, Charles, on Sunday.

Messrs, Charles Anderson and Elder Laudenschlager spent Sunday afternoon on the Geary ranch, near Sunol, and at Alum Rock Park.

CENTERVILLE TRAVELLERS VISIT SCENE OF MANAGUA EARTHQUAKE CATASTROPHE

Insights Into Aftermath Of Tragedy Are Told In Recent Letter

The following interesting letter was received at the Register office shortly before Mrs. F. O. Bunting, of Centerville, returned home from an extensive trip to Eastern states, made via the Panama canal and the West Indies, wherein she describes some of the interesting experiences on the last lap of the journey.

"Rupert, Columbia. "We left New York on the Colombia three hours late. We were intensely interested in watching the cargo to into the hold. Indeed, there was so much that some had to be tied on the top. We saw large crated automobiles swing into the hold. Indeed, we got thoroughly cold in the rain and sleet. We have been out six days in as nasty, rough, choppy weather as any one could ask. Many people were ill that had never been ill before. No, it does not affect me a bit. I enjoyed everything, from the wonderful coloring of the waves the dainty flying fish, and the school of porpoises who ran races with us, with themselves, and with the waves. In and out; they are small, like a large salmon. We are told they are young. Today we suddenly noticed a change from deep blue water to a bright green, that grew fainter, until it was a yellow green. We landed four hours late, found a large German ship on one side. Port Colombia is a small place. There is one long pier, on which a railroad runs out to the end. Near our boat was a gasoline car. Twelve of us went to Barron-

quilla, a city of some 120,000 inhabitants. We alighted at the airplane hangars, and then were driven to a beautiful cool, breezy hotel, del Prado, and after lunch we were driven around the city.

South America is not new—parts of the streets were paved to the sidewalks; others in original, dusty, full of ruts, filled with plenty of children, dogs, pigs, and the inevitable donkey. Great praise is due to the ones at the head. A splendid water system has been established. They are near the wide, muddy Magdalena river. They have few yards, no vegetables, and the taxes on canned goods have been raised as to be almost prohibitive, a can of peaches for \$1.08, etc. The idea is probably to try and induce residents to raise them. On the other hand, they have a little lizard that eats up every tiny vegetable that appears, and other pests. We did not hear of any agricultural station. Certainly there is a wonderful future for these states, oil has been discovered, and banana and coconut palms are growing well.

We returned to find the two boats joined by a third, and all a scene of much activity, loading and unloading. Our next stop was Cartagena. Here we took lunch on the boat. The pier was burned two years ago, so they unloaded on barges. One piece was a huge boiler weighing 22,000 pounds. This city is quite different from Barronquilla—it is really old. The houses, the great wall around the city, four or five feet thick. Forts, and on a steep hill, was an old monastery. We took a

REPORT IS RECEIVED ON XMAS SEAL SALE THROUGH TOWNSHIP

Figure of \$654.84 Raised for Tuberculosis Work Continuance.

Reports on the amounts raised in Washington Township by the sale of Christmas Tuberculosis Seals have just been received by Mrs. J. E. Thane, chairman for this district, from E. L. Von Allman, county executive secretary. The entire township raised an amount of \$654.84 for the year 1930, as compared with \$749.93 for the preceding twelve months, a figure that is considered very gratifying and indicative of the generosity of township residents, in view of the difference in financial conditions between the two years.

Sales in 1930 throughout the entire Alameda county amounted to \$43,888.99, and following are the figures for the eight territories in Washington Township.

Alvarado	\$ 79.75	\$ 69.00
Centerville	137.75	111.50
Decoto	58.85	61.60
Irvington	81.40	61.00

Warm Springs	80.75	63.60
Newark	132.98	129.00
Niles	178.45	159.14
	\$749.93	\$654.84

The following ladies were chairmen for the respective districts during the seal sale campaign: Newark, Mrs. Charles Chadbourne; Mission San Jose and Warm Springs, Miss Sophie Gallegos; Decoto, Mrs. A. A. Amaral; Irvington, Mrs. C. A. Lutz; Centerville, Mrs. Howard Chadbourne; Alvarado, Mrs. August May; Niles, Mrs. Rosalie Donovan.

Activities Of TOWNSHIP SCOUTS

Many members of the Newark Boy Scout troop attended a swimming party at Piedmont Baths in Oakland on Saturday evening. The troop held its meeting at six o'clock, and left later in the evening in automobiles belonging to Alex De Knopp, assistant scoutmaster; Chester Bell and John Dos Santos. Some of the boys are believed to have passed swimming tests. The following boys attended: Scoutmaster L. Scott, assistant Scoutmaster Bell, Alex De Knopp, and son, Alex, Jr., John Dos Santos, Philbert Rose, Donald Fuller, Niel Bearden, Ernest and Frank Phippen, Manuel Gonzales, Frank Gyax, James and Donald Dias, Alton Steinhoff, Rutherford Kettman, Frank Salles, Irving Steinhoff and Karl Nordvik.

Several Niles Scouts attended the Eagle Court of Honor held in Oakland on May 1, when Scout Master Marshall Green received his Eagle badge, Glenn Trout, of Centerville, was also awarded his Eagle badge.

The Cuckoo patrol of the Niles troop will give two scout plays on May 16.

This patrol recently excavated some Indian relics at the Ellsworth ranch near Niles, and have presented them to the Scout Museum. Vernon Ellsworth, George Frantz, Harry Cesari and Morgan Cesari were the scouts who discovered the relics.

Why do scoutmasters have such strong spotlights on their automobiles?

Every member of the Centerville troop was awarded a badge at the April Court of Honor.

The following Centerville scouts received badges: Mervyn Blacow, textiles, five year veteran; Philip Souza, automobilism; Glenn Trout, printing and carpentering; Clarence Graham, personal health; Howard Blacow, scholarship; Frank Dusterberry, personal health; Robert Salz, first class; Fred Rogers, personal health, and J. Francis, personal health.

The following Niles scouts were also awarded badges: Marshall Green, life-saving; Lawrence Pine, life-saving and blacksmithing; Everett Mendenhall, personal health and public health; Howard Rose, personal health; Peter

UPON THE HEIGHTS

By NELL FARRINGTON MYERS
Niles Canyon—Nile, Calif.

Upon the lofty heights,
Above the city's din;
The birds upon their flights,
Call to the soul within.
The sun lies o'er the hills,
Facing the sea and tide;
Where song and music thrills,
Where faith and hope abide.

I stood upon the heights,
Where all about me lay—
The beauty of the nights,
That come with close of day
I felt the pulse that throbs,
Within the world's great heart;
I saw each gift from God's—
Great store of magic art.

I saw the mountain's might,
I saw robes of gray chiffon;
As velvet folds of night,
Dimmed the distant horizon.
From countless hearth-fires bright,
Tall trailing spirals rise;
Sunset promises night—
Dawn, in the morning skies.

Upon the lofty heights,
I found at close of day;
The jewels of the lights
That flashed across the bay;
Great valleys reached far—
Toward distant mountain's rim;
I saw a low-hung star,
And jeweled crescent slim.

I felt the friendly touch,
Of kindly heart and hand;
I saw and felt—so much,
God's smile across the land.

(Editor's Note: The above composition was composed by one of the best known residents of Niles, Nell Farrington Myers, who is rapidly gaining a name for herself in the ranks of foremost lyric writers. "Upon The Heights" was recently composed by her especially for one of the leading radio stations in the bay district, and the beautiful theme, so delightfully and tenderly expressed, has earned for itself a niche in the hearts of all who have heard it.)

Learn about this modern Gas Range

It's new, it's different, it takes the guess-work out of cooking and gives perfect baking without effort

You are cordially invited to visit all stores where NEW Gas Ranges are exhibited May 4 to 9

COOKING TODAY is not guess-work. It is an exact science—thanks to the modern Gas Ranges.

If you measure and mix ingredients accurately—and we know you can—the baking is simple and easy. Foods come out of the oven perfectly done—every single time.

You can learn the reason for this by stopping in after school at any store where Gas Ranges are on display. You can inspect the ranges without any obligation on your part. If you take Domestic Science at school this visit will prove valuable in your work. If not, you should come anyway because you are certain to use the knowledge you gain by your visit.

There is one feature on the new Gas Ranges that we want you to notice especially. It is the Oven Temperature Control.

Perfect oven cooking owes its success to this device more than to any other single thing. You should know all about the Oven Temperature Control.

After school visit one of the stores where Gas Ranges are sold. Courteous attendants will answer your questions and explain the new improvements. You will profit much because you will learn how simple and easy it is to cook with the modern Gas Range.

Save \$16. The price of the oven heat regulator will be deducted from any gas range priced at \$116 or more, May 4 to 10.

NASH

93% of all aviation motors in National Aircraft Show ...were Twin Ignition!

At the National Aircraft Show just held in Detroit, all but two of the aircraft were powered by motors with Twin Ignition (2 spark plugs per cylinder instead of one).

Nash, pioneer of progress in motor car design, brings the advantages of Twin Ignition to you. Both the Nash Eight-90 and the Nash Eight-80 have this superior type of power.

The Nash Twin-Ignition motor, with two simultaneous explosions per cylinder instead of one, burns the gasoline more speedily, more completely, more smoothly, more efficiently!

By actual engineering test of the same motor with Twin and single ignition, Twin Ignition produced 22% more horsepower, 5 miles per hour more top speed, and 2 extra miles of travel from a gallon of gasoline!

Of course you can get along without Twin Ignition, but these cars—priced remarkably low—prove you don't get along so well!

Get the facts! Phone us—a Nash demonstrator will be sent to your door.

Getting Up Nights Quickly Alleviated

Backache, Leg-Pains, and Irritating Acids Often Due to Functional Bladder Disturbance

Quick Test Guaranteed

If you suffer from these conditions, you will be delightedly surprised at the quick, soothing, beneficial action of Cystex.

Such of the marked success of Cystex is due to its being two treatments in one. Because of this double action, most sufferers find that there is no long waiting for results but that their conditions are alleviated almost immediately. One part of the treatment starts circulating thru the system within a few minutes, quickly relieving urinary irritation and associated painful conditions. The other part of the treatment soon acts as a mild and soothing diuretic to the kidneys.

The ten pure ingredients composing the Cystex double treatment are listed in each package so that you may know exactly what you are taking, and can be told by your physician or doctor that this is a highly meritorious preparation which does not contain any doses, narcotics or habit-forming drugs.

Internationally Successful
Cystex has had such marked success that it is now demanded in many different parts of the world, and is registered with the governments of twenty different countries, such as England, France, Canada, Australia, Brazil, etc. This rapidly growing demand is largely due to quick action, unusual merit, and the recommendation of satisfied users who found that Cystex quickly alleviated their conditions thus eliminating many hours' suffering and worry.

Guaranteed Trial Offer
Don't wait. Don't delay. Get Cystex (pronounced Siss-tex) from your druggist for only 50c under the 10c-Clad, Money-Back Guarantee. Put it to the test. Use all of it. See for yourself how fast it works. If it does not quickly improve restful sleep and alleviate other discouraging conditions, due to functional bladder irritation, thus increasing your energy and enjoyment of life, merely return the empty package and your money will be refunded.

SUNOL

-- DEPARTMENT --

(Too Late for Last Week)

Mrs. A. C. Day, Mrs. John Tringham and Mrs. H. A. Johnson were representatives of the Sunol Glen Parent-Teacher's Association to the Sixteenth District Parent-Teacher's Association Convention held in Oakland, Monday. It was an all day session. Usually the convention is held two days but it was all handled in one day and the evening this year. After dinner there was the installation of the officers and an informal program. Mrs. Brooke had charge of the program which included a comic, "Parent Education" class. An almost new corps of officers was elected by the district to represent the local units. Mrs. H. Ward Campbell was elected president.

Little Everett Archer suffered a rather painful accident last Saturday afternoon while playing. Someone threw a stone and it hit Everett in the mouth, splitting his lip and breaking several teeth. Two of the teeth are the permanent teeth and may have to be replaced. The doctor had to take several stitches in his lip which will prevent him from playing in the band for some time.

Helen Johnson was no less than eight of her schoolmates Saturday afternoon, the occasion being her eighth birthday. After playing games for the afternoon, ice cream and cake was served each little guest. A large birthday cake was the centerpiece, each child receiving a piece. Candy and oranges were passed to each little guest as they departed for their homes. Helen received many lovely gifts from her friends. Those present were: Eleanor Koopman, Eleanor Carr, Thelma Serrano, Barbara Fairchild, Lorraine Gullikson, Dorothy Knight, Madeline Brask, Nellie Archer, Barbara Johnson and Helen Johnson.

Mrs. Budd was a Pleasanton caller Monday.

The Sunol Girl Scouts were registered and received their tenderfoot badges Thursday evening. Several of the parents were present, also some of the Sunol Parent-Teacher's Association members. Mrs. George Richards, the scout leader, was in charge. Miss McMillen and Miss Ruggles, of Berkeley, were guests. Miss McMillen presented the girls with their pins and congratulated them on now being a regular girl scout troop. Mrs. H. A. Johnson thanked the visitors for their share in the evening's festivities and also the Sunol Boy Scout troop. The boys and girls then put on several skits after which all partook of ice cream and cake furnished by the boy scouts and the girl scouts. All present were well pleased with the evening's entertainment. The girls are now working to pass their first class tests. The Sunol Parent-Teacher's Association is surely proud of being the mother to such a fine group and wish them all the success possible.

Mr. George Roraback, Mrs. F. Archer and Mrs. A. Silver motor to San Jose, Monday.

Dr. Eastman was a Sunol caller Monday.

Mrs. Lou Bonner is spending the week visiting her sister, Mrs. Ziggens, of Pleasanton.

Dr. Grimmer, of Irvington, was a Sunol caller Friday.

The boy scouts of Livermore and Pleasanton met with the Sunol scouts at the Sunol school Wednesday evening and held a court of honor. Several interested were present, including the troop committee of the Chamber of Commerce who are sponsoring the scouts in Sunol. It is certainly a very good thing for the young folks to have the opportunity to belong to the scouts and the very best wishes of the community are tendered to all who are members. The Sunol Parent-Teacher's Association held their regular meeting on Thursday evening with a fine attendance. The nominating committee handed in their report which was voted on. The new officers will be installed in the near future. The report of the district convention was given by the delegate, Mrs. A. C. Day. Plans were made for the May Day picnic to be held on May Day. Dr. Eastman gave an interesting talk on "Infantile Paralysis," after which he answered all questions. Coffee and cake were served to all guests after which all who wished played cards. This was a record meeting as the Man Members were present.

FORESTERS' GOOD WILL GAVEL IS GIVEN TO NILES

Pleasanton Delegation Accompanies Trophy To New Home

Ten members of the Pleasanton court of Foresters presented the Travelling Good Will Gavel to the Niles court last week. The gavel was sent out from Court Shellmound in Oakland and will be presented to all courts in this district.

The gavel was brought to Pleasanton from Livermore, where the court in which it originated carried it. From Niles it will be taken to San Leandro. Hayward will receive it later.

Ralph Richmond, of Niles, presided at the meeting which was featured by entertainment and speeches. Refreshments were served at the close of the evening.

Those from Pleasanton who accompanied the gavel to Niles were T. H. Silver, Joseph E. Bairos, Lee Wells, Richard Jones, Jerome Arendt, Crawford Letham, Frank Garatti, Joe Delucchi, Abramo Regalia and A. B. Pickard.

RETIRING SCHOOL PRINCIPAL GIVEN GOOD TESTIMONIAL

Resolution Is Adopted By High School Trustees At Recent Meet

The following resolution was adopted by the board of trustees of Washington Union High school at a meeting held Saturday, relative to the resignation of Principal E. B. Hodges, who has been at the head of school affairs at Washington High for the past seven years.

Mr. Hodges' resignation will be effective at the end of the present school term:

Centerville, Calif.
May 1, 1931.

Be it resolved by the board of trustees of Washington Union High school in regular session assembled:

That we accept with sincere regret the resignation of E. B. Hodges who has been principal of Washington Union High school for the past seven years;

That we unanimously commend him for the excellent record of scholarship and the high rank of our school which has been attained and maintained during his administration;

That we appreciate his help and advice in planning new buildings and the definite and accurate financial counsel he has always been willing to give;

That we regard the moral situation in our school as having been kept in excellent condition and of a very high standard during his seven years with us;

That his reorganization of curriculum, extra curricular activities, student records and financial accounting has given our students and the board of trustees the advantage of the best thoughts in progressive educational lines;

That his initiative and encouragement of worthwhile community activities and his active participation in them has been most valuable and commendable and

That we recommend him as an able school administrator whom we are sorry to lose from our school, and a high minded gentleman.

M. J. OVERACKER, Pres.
JOHN C. WHIPPLE, Clerk.
FRED F. DUSTERBERRY.
